MEMOIR PART 2 STEPHEN FRY

National Treasure: noun - someone or something regarded as emblematic of a nation's cultural heritage, such as Stephen Fry (OED 2010)

Following on from his hugely successful first book, *The Fry Chronicles*, comes the second chapter in Stephen Fry's life.

Praise for *The Fry Chronicles*:

'Heartbreaking, a delight, a lovely, comfy book' —*The Times*

'Perfect prose and excruciating honesty. A grand reminiscence of college and theatre and comedyland in the 1980s, with tone-perfect anecdotes and genuine readerly excitement. What Fry does, essentially, is tell us who he really is. Above all else, a thoughtful book. And namedroppy too, and funny, and marbled with melancholy'

—*Observer*
